PARTY HAT: Printed best on cardstock paper. For a different look, try printing on paper with a slight texture on it, like linen! After printing, cut along outside of shape. Fold until a cone shape is achieved. Secure by gluing inside dotted area marked "Glue Here" and press other end of cone onto it. You can place bobby pins on the seam as the glue dries. After the hat dries, you may add ribbons or elastic string for attaching hat to child.
